Willard community, we are one week out from the beginning of the school year. Despite the circumstances, the Willard staff and I cannot wait to embark on our work together. We miss seeing your students' faces everyday. Beginning at 9:15am on August 17th we will be providing the best possible education to your students on this schedule.

Student Schedules: All Willard students will access their schedules online. To access your student's schedule please sit down with your student and go through [this](#) process together. If you are having any trouble accessing your students schedule please contact your students grade level counselor.
